

Professional cordless trimmer

The FX768E trimmer features ultra-fine precision stainless steel blades for close, accurate trimming. Precision lines, perfect contours for trendy and stylish hairstyles can be created easily. Delivers ultra close cutting and puts hair design, fine lines and creative styling at your fingertips! The removable blade set allows easy cleaning.

Precision comb guides offer 4 length settings from 5 to 16mm and provide great flexibility.

Its high power cordless motor guarantees sustained professional performance.

Delivers up to 60 minutes of cordless operation when fully charged.

The lightweight design and stylish easy-grip housing provide extra comfort and maximum control.

A star performer for the ultimate in precision detailing!
