

ADVANCED CURL Ø10

Extra-long dial-a-heat curling iron

◀ BAB2470TDE 10mm

The perfect size for "afro" hairstyles. Thanks to its extra-long heating barrel, it is the perfect tool for use on long to very long hair: 60% more heating and curling surface! Really time-saving!

Titanium Diamond Technology

Titanium Diamond Technology heating barrel for faster styling and a flawless finish. Titanium infused with diamond powder guarantees a perfect resistance to high temperatures and wear-out due to intensive professional use.

Flexibility

This tool has 30 temperature settings from 135°C for enhanced hair protection and use on all hair types. Its heat performance up to 220°C guarantees long-lasting results even on very coarse hair. The indicator light will flash until the programmed temperature has been reached.

Safety

If the iron remains unused for longer than about 72 minutes, the auto shut-off will turn them off; this option increases their lifetime and provides greater safety. This curling iron also has a built-in stand that allows you to keep it stable after use and in this way to protect your surfaces. It also includes a heat mat and thermal styling glove.
