

The most powerful AC professional hair dryer 2600W

EXCESS

Ultra-powerful & ultra-efficient

2600W

550g

Ultra long-life & high-performance AC motor

Air speed: 160km/h

Air pressure: 5.3 mBar

Average temperature 90°C - up to 125°C at maximum speed

Flexibility & control

6 heat and speed settings

A cold shot and a lock-in cold air position for perfect hold and long-lasting results

2 slanted, ultra-narrow (6mm) nozzles, 70mm & 90mm (for use on different hair lengths and textures), perfect for styling because their slightly diagonal shape combines perfectly with the contours of a round brush

Hair care

A central ionic generator allows an in-depth action of the millions of negative ions generated and decreases tension due to static electricity at the surface of the hair

Ionic technology leaves hair with a smooth, shiny and frizz-free finish, much easier to disentangle and style

Comfort & balance

Excess' ideal balance makes it perfect for the salon; its ergonomic handle helps relieve muscular tensions in the forearm in order to fight repetitive strain injuries and occupational diseases

A powerful 2600W made in Italy professional dryer with a very beautiful brushed-metal finish that features a high-performance & long-life AC motor for outstanding 160km/h air speed and fast drying results and time saving

Immediate styling and stronger resistance to humidity in the air thanks to the outstanding air pressure and the perfectly controlled heat: optimum drying and longer lasting results

Its superior build quality with a smart, streamlined design for comfortable handling and maximum control ensures this dryer truly delivers top professional performance and style and matches the expectations of the most demanding Professionals
