

# LIGHTEST HIGH-PERFORMANCE PROFESSIONAL DRYER IN THE WORLD

- EXTREMELY POWERFUL • EXTREMELY EFFICIENT • INCREDIBLY LIGHTWEIGHT

The **BAB7000IE** takes up the challenge to combine power, efficiency and hair care!

**399g**

Ultra lightweight

**2200W**

Power and care booster (**turbo** function)

**6.10 g/min**

Ultra fast drying = time and energy savings

**+ 25% faster**

Motor speed **22 500 rpm**

**+ 70% air pressure**

Long-lasting results guaranteed

**1750 Pa**

**+ 30% air speed**

**194 km/h**

**91 m<sup>3</sup>/h air flow** (without nozzle)

**+ 33% flow precision**

**BaByliss PRO**

# EDM TECHNOLOGY 5.0

Electronics Driven Motors

- > Faster revolutions than a traditional motor
- > Greater compactness and reduced weight
- > 5,000 hours lifespan
- > No carbon brush
  - Significantly improved energy yield
  - No carbon residue emission: no air pollution

12 speed and temperature settings - Cool air button

True ion generator emits millions of negative ions to eliminate frizz and seal the hair cuticles for shiny, healthy-looking hair.

## Perfectly shaped grip along the axis of the centre of gravity

- > guarantee of a balanced and comfortable hold without tension in the forearm

2.80 m tangle-free power cord

## Accessories:

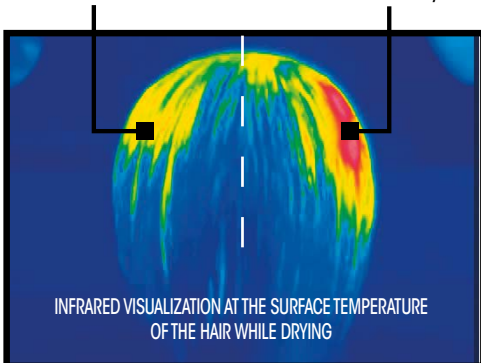

- Silencer included
  - > Less noise pollution
- Diffuser included

- 3 concentrator nozzles:
  - > **4 x 70 mm** ultra-thin nozzle for optimal, controlled air pressure and even more efficiency. (+ photo)
  - > 6 x 60 mm straight, narrow nozzle that is perfect for straightening because it lets you achieve the required tension on the hair.
  - > 6 x 75 mm beveled, large nozzle for smoother blow-drying; it is slightly diagonal in shape, hugging the shape of the brush perfectly.

BAB7000IE  
Ideal drying temperature

Traditional dryer

INFRARED VISUALIZATION AT THE SURFACE TEMPERATURE OF THE HAIR WHILE DRYING

The BAB7000IE creates healthy-looking hair!

## NOT ALL HOT AIR IS THE SAME...

The BAB7000IE is referenced PRECISEO, program implemented by the French Health Insurance in partnership with the Hairstyling Institutions in terms of occupational diseases and musculo-skeletal disorders prevention.
