

CUT-DEFINER Professional clipper

◀ FX862E

The lightweight BaBylissPRO® **CUT-DEFINER** FX862E is a professional hair clipper with stainless steel blades that delivers dramatically different cutting performance while a direct drive motor ensures a smoother higher power operation.

The 45 mm stainless steel blade can be customized with a five position fine-tuning thumb wheel (from 0.6 mm to 3.0 mm) and 8 comb guides (varying from 3 mm to 25 mm).

The lightweight design and stylish easy-grip housing provide extra comfort and maximum control. The clipper delivers up to 75 minutes of cordless operation when fully charged.
