

CORD/CORDLESS MASSAGER **VIBEFX**

Well-being and enhanced client servicing in your hair salon thanks to the VIBEFX!

Ideally combined with warm towels or on its own, the VIBEFX will relax your clients' skin and face.

Applied to their shoulders, to the base of their neck, it will release stress and any tensions.

Having the VIBEFX in your salon will enhance the service that you offer and this will stand you out against somebody who just cuts.

Be the one that stands out!

The VIBEFX is an extra assurance of clients retention.

Provided with a digital motor and lithium-ion battery it has twice the massaging efficiency of its competitors.

It is lightweight and designed to easily slide onto the hand. The beauty of this tool is that it combines the touch of the human hand -for perfect precision- with mechanical action -for flawless efficiency.

Innovative premium technology

www.babylisspro.com

The VIBEFX is silent in order to remain a source of relaxation and well-being while in use but powerful enough to be fully efficient and to release muscle tensions.

Cord / cordless operated, it delivers a full hour of continuous run time reached in a quick charge of 90 minutes only.

Its heavy-duty stainless steel housing is very easily cared.

There are two speeds on it, the first speed is soft and indicated for massaging the face, the temples, the back of the neck or any sensitive areas; the second speed is higher and perfect for relaxing the most tense shoulders.

VIBEFX, an experience of clients' total satisfaction.
